Please be sure to send all emails to both addresses.
- (3) Communication from the Steering Committee to each university shall be made, in principle, by email addressed to the registered email address of the representatives or the supervising professor of each university.

4. **Registration**

- (1) Each participating university shall register, by the relevant deadline shown in Rule 2 (2)②, the list of participants and other relevant information in the specified format.
- (2) Participants must be students of undergraduate or graduate school of the respective university, or persons who graduated from that university in the year of the competition and who have no occupation or profession.
- (3) The competition has two divisions, one conducted in Japanese (the Japanese language division) and the other conducted in English (the English language division). Each participant needs to be registered in either the Japanese language division or the English language division.
- (4) Each university may register 1 or 2 teams for the Japanese language division and 1 or 2 teams for the English language division, in total up to 3 teams. Each team shall consist of 4-5 participants. The Steering Committee may grant special exemptions from this restriction.
- (5) In case two or more teams are registered from one university, membership of each team shall be clearly specified. The change of any member of a team may only be made by notice to the Steering Committee by the deadline, 15:00 on October 23 (Fri). lawyer/judge/in-house counsel, Mr./Ms..... was involved with litigation management/arbitration practice/business negotiations, for X number of years”). The paper will be used for reference for matching the teams fairly and will be given to the judges as reference for evaluation. If there is an inaccuracy in this declaration, depending on the nature of such inaccuracy, the points of each round for that team in which the relevant participant joins may be reduced as a penalty. The maximum reduction shall be one point for one participant.

5. Problem

- (1) The following information will be given to each university:
 - ① General information common to all participants (to be distributed via the Competition website); and
 - ② Confidential information specific to parties on each side of the competition (to be sent to the representatives and the advisor of each university).
- (2) Questions about the problem shall be accompanied by reasons and addressed to the Steering Committee by the relevant deadline. In case the Steering Committee considers it necessary to answer a question or questions, it shall reply to by giving its answer or answers to all the universities (in the case of questions relating to the general information) or to the relevant universities (in the case of questions relating to the confidential information). In principle, an answer by the Steering Committee is made by amending and/or correcting the problem and/or confidential information. The Steering Committee may decline to answer any questions at its sole discretion.
- (3) Confidential information may not be revealed to other universities nor to any other third parties.
- (4) Information contained in the confidential information or information related to the strategies of the negotiation of each university shall be kept private and confidential. If such information were to be made accessible to persons other than the members, an advisor or advisors and other relevant persons of the university in any manner (including websites, blogs, Twitter, and other smart phone Web applications), points of all teams of the university related to leakage of information in Round B will be deducted at the range of one to three points from the points of each judge.
- (5) The Steering Committee may make amendments to the Problem at any time. If amended, the notice and the content of the amendments shall be sent to each university promptly.
- (6) The Japanese text of the Problem is controlling for the Japanese language division, and the English text of the Problem is controlling for the English language division. All involved in the competition should take note that there is no guarantee that the Japanese and the English content correspond with one another.

6. Basic Structure

- (1) In this competition, there are a Japanese language division and an English language division.
- (2) Each university will be designated in the role of either “Red” or “Blue.”
- (3) The matching of teams for the competition shall be decided by the Steering Committee.
- (4) Any communication and/or exchange of information with other universities prior to the competition is prohibited.
- (5) The competition shall take place in two rounds, as follows.
 - ① Round A: Arbitration
 - a . The relevant part of the UNCITRAL Rules (as revised in 2010) shall be applicable in conducting the arbitration.
 - b . The applicable law shall be the UNIDROIT Principles of International Commercial Contracts (2016). For the Japanese language division, the Japanese translation of *UNIDROIT Principles of International Commercial Contracts (2016)* (Shoji-Homu, 2020) shall be the official version.
 - ② Round B: Negotiation
 - a . A bilateral negotiation shall be conducted.
 - b . After the negotiation, self-evaluation in front of the judges shall be made.
- (6) In Round A, all participants shall take on the role of lawyers for Red or Blue. In Round B, each participant in each team must take one of the roles given in the Problem, and each team shall specify the role of each member in the Explanatory Material for Round B. In the event the number of participants on a team is more or less than the number of roles mentioned in the Problem, the team shall add an appropriate role or someone shall play two roles (the team is not allowed to add a role which is superior to the roles mentioned in the Problem). Participants are required to conduct negotiations from the perspective of their respective roles. The details of each role are left to the discretion of each participating university, but in the course of the competition, judges may question participants concerning the details of their roles. Judge will evaluate adequateness of role sharing.
- (7) In both Round A and Round B, it is not permitted to use a language other than the language of the respective division (this includes directions given by judges to participants, conversations with judges, and conversations within each team). However, this shall not apply to conversations within a team outside the room in which the round is held, conversations with Steering Committee members, or conversations during break time.
- (8) Unless otherwise provided for in this Rule, both in Round A and B, it is prohibited to use the private chat function in the virtual meeting room of Zoom (including the communication with members of the same team). All remarks shall be made orally, and no statement or supplement via chat, email or any other similar manner is allowed. If any participant makes a remark or supplements in any way other than orally, such remark or supplement shall be ignored. Participants may use communication tools other than the chat function of Zoom to communicate with members of the same team.
- (9) In order to reduce eye strain caused by watching the screen for a long time, both in

Round A and B, there will be a 10-minute intermission (“Mandatory Recess”).

Round A: take a 10-minute intermission between the hearing on the first Case and the hearing on the second Case

Round B: take a 10-minute intermission when 60-80 minutes have passed from the commencement of the negotiation. When 60 minutes have passed, the Official Staff (a staff appointed by the Steering Committee to assist the arbitrators, judges and participants in the operation of Zoom) will announce that participants must take a 10-minute intermission within the next 20 minutes, and participants should take the intermission within 20 minutes after the announcement. If the participants have not taken the intermission themselves, when those 20 minutes are up the Official Staff will declare the intermission.

During the Mandatory Recess, participants shall turn their videos off. However, during the Recess the participants may use breakout rooms if they choose to do so.

Either or both teams may elect to use breakout rooms during the Recess. In the breakout rooms, participants may use their videos.

- (1 0) The standard timetables for Round A and Round B are as follows. Please note that the timetables are subject to change at the judges’ discretion.

- (1 1) During Round A and B, Steering Committee members or Official Organizing Staff (“Official Staff”) may enter virtual meeting rooms for administrative matters. Judges shall host the meeting jointly as “Co-Hosts”. Each team member shall have the right to “share screens” during meetings.

- (1 2) The Competition shall be conducted based on Japan Standard Time. As for the deadlines for submission of documents via email, Google Form or the like, the time such document is received by the Steering Committee shall be determinative.

7. Round A

- (1) Arbitration shall be conducted in Round A. The arbitration panel shall consist of three arbitrators (judges, for the purpose of the Competition).
- (2) The arbitration shall be conducted on the basis of the Problem, the memoranda setting forth each team's assertions and supporting reasons (the "preliminary memoranda"), the responses submitted by each party, the arguments made by the parties, and the materials filed by the parties under the Rules.
- (3) The issues to be addressed in the arbitration shall be limited to those stated in the Problem (the parties shall be deemed to have referred these issues to arbitration).
- (4) Each team shall submit a preliminary memorandum by the deadline specified in Rule 2(2) by sending it via the Google Form specified by the Steering Committee. The format of the memorandum shall be as follows:
 - ①The memorandum shall be submitted as a PDF file, with A4 size page setting. The maximum length of a memorandum is twelve (12) pages for both the Japanese and English divisions (excluding the cover page).
 - ②A cover page shall be attached to the memorandum, which sets forth the name of the university, team number, which company (Red or Blue) the team represents, and the names of team members. Please send the memorandum and cover page as one PDF file.
 - ③Each margin (upper, lower, right, left) of each page shall be 25 mm and the page number shall be placed at the bottom center of each page.
 - ④The choice of fonts and size thereof, spacing of lines, and the number of letters per line, and/or whether using charts, etc., are matters for discretion of each team. Please note that legibility may also be included in the scope of evaluation by the judges.
 - ⑤The upper limit of the maximum file size is about 3 MB.
- (5) Each team shall submit a response to the memorandum of its counter party, within the period of time specified in Rule 2(2), via the Google Form specified by the Steering Committee. The response shall be accompanied by claims and supporting reasons that counter the memorandum of the counter party. (The response might contain other elements such as corrections of the preliminary memorandum submitted by the party.) The format of the response shall be based upon the requirements of Rule 7(4), except that the maximum number of pages is two (2) (excluding the cover page).
- (6) In the submission of a memorandum and a response, no additional materials, exhibits or appendices may be sent as separate files. A PDF file of memorandum or response may contain additional materials, exhibits or appendix, provided the total number of pages does not exceed the maximum pages as stipulated in Rules 7(4) and 7(5).
- (7) In case a memorandum or response does not abide by this rule, each judge shall deduct points for that team in Round A as a penalty. The Steering Committee shall decide the necessity and extent of such penalty, under the following guidelines:
 - ①Exceeding length limit or Violation of format rules

- Exceeding length limit within half page: minus 0.3 point
 - Exceeding length limit between one-half and one page: minus 0.7 point
 - Exceeding length limit by more than one page: minus 1 point
 - Substantial violation of format rules: minus 0.3 point
- ② Delay in submission
- within 10 minutes: minus 0.3 point
 - within 20 minutes: minus 0.7 point
 - within 30 minutes: minus 1 point
 - within one hour: minus 1.3 points
 - over one hour: minus 1.8 points
- * The time of submission will be based on the time of upload of the preliminary memoranda (in the case of response, the responses) of the team to the Google Form.
- (8) It is not necessary for the contents of the memoranda of the teams of the same university to be the same (but it is permissible for the contents of the memoranda of the teams from the same university to be the same).
- (9) The submitted memorandum shall not be modified after the submission deadline. However, the party may make modifications to the contents of its memorandum in its response to the other party. The party also may make modifications to the contents of its memorandum in the arguments during the arbitration session, if the arbitral tribunal determines that doing so would not cause prejudice to the other party.
- (1 0) In the memorandum, all the issues listed in the Problem must be addressed, giving consideration to reasonably expected counter-arguments. The memorandum should be drafted with an easy to understand and logical structure, by using concise sentences, sub-section headings, etc.
- (1 1) The memorandum will be disclosed to the counter party of the memorandum submitting team before the Competition. Arguments not set forth in the memorandum or response are permitted to be made orally in Round A, but failure to cover an important point in the memorandum, or making an oral argument that conflicts with a position set forth in the memorandum, may be negatively evaluated by the judges.
- (1 2) There is no examination of witnesses in the arbitration.
- (1 3) The arbitration panel will not make an arbitral award.
- (1 4) Procedure of the arbitration shall be controlled by the UNCITRAL Arbitration Rules and the place of arbitration is Japan. In the event of a conflict between the aforementioned UNCITRAL provisions, the Problem and these Rules, the Problem takes priority, and these Rules take second priority. The arbitration panel shall determine matters covered neither by the aforementioned UNCITRAL provisions nor by the Rules.
- (1 5) At the beginning of each “Case”, each team shall make its opening statement in no more than 3 minutes, during which it shall explain the essence of its argument on the Case (the opening statement can’t be substituted by playing recorded video contents). In addition, each team shall make its closing statement at the end of

Round A in no more than 5 minutes. The opening statements and closing statement may be made by a single representative or by two or more team members. Judges shall not question or otherwise intervene during the opening and closing statements. When the time is up, judges shall cut off the statement even in mid-sentence, and may reflect failure to complete the opening or closing statement within the allotted time limit in the overall evaluation. Participants shall make efforts to use time efficiently. Having too much time left may also affect the evaluation.

- (1 6) The arbitration panel's method of procedure may vary from group to group. For example, in the past competitions, some panels focused on the parties' exchanges with the panel, other panels focused on the exchange and discussion between the parties, and still other panels allotted a few minutes within which each party is to make its assertions and reasoning with a short session for rebuttal. Whatever the method may be, the arbitration panel has an obligation to treat both parties fairly, and may not give one party an unfair advantage due to the procedure adopted. Parties who have doubts regarding the fairness of the arbitration panel's method of procedure may raise an objection during the arbitration, and parties who are unsatisfied with the response from the panel may make appeal to the Steering Committee. However, objections must be made before the end of the round.
- (1 7) Participants should take note that, as a general matter, each side has an obligation to persuade the arbitration panel as to its claims, by backing up its arguments with facts or reasoning, based on matters contained in the Problem, Exhibits or other materials. Participants may make assertions in accordance with suppositions based on the facts set forth in the Problem and due research. However, if asked by judges or the counterparty, the team shall explain the basis in the Problem on which the supposition was based, and demonstrate that it is reasonable based on due research.
- (1 8) In addition to the Mandatory Recess time as specified in Rule 6(9), each team may request 5 minutes of caucus time per hour. For the caucus time, Participants may request to use breakout rooms to undertake internal discussions. The counterparty may also ask for a breakout room of its own for use during caucus time requested by the other side. Judges and counterparty team members may not enter into the breakout rooms being used for internal discussions. However, the arbitration panel may postpone a request for a caucus for up to 20 minutes, as it deems appropriate for the orderly progress of the arbitration.

8. Round B

- (1) Participants shall share responsibilities and carry out their respective roles in order to ensure smooth operation of their team's negotiations (points may be deducted by the judges, or a warning issued by the Steering Committee, in the event that a participant is simply not engaged).
- (2) Each team may determine, through negotiations with the other side, which members of each team shall participate in the negotiations in which manner, in which manner the negotiation shall proceed, and the timing and length of recesses

- (provided, however, that, as specified in Rule 6(9), a Mandatory Recess of 10 minutes shall be held within 60 to 80 minutes after the start of the negotiations).
- (3) Negotiation that judges are not able to observe, such as negotiation outside the Zoom meeting room or negotiation using digital devices, is prohibited. Negotiations shall be conducted in the designated Zoom meeting room, provided participants may use breakout rooms for internal team discussions. The timing and length of such internal team discussion are to be negotiated by the parties (provided, however, that a 10-minute Mandatory Recess shall be held, in accordance with Rule 6(9)). Judges and counterpart team members may not enter such breakout sessions (Official Staffs may enter the sessions).
- (4) Each team shall submit an Explanatory Memorandum to the Steering Committee by the deadline specified in Rule 2(2) of these Rules. The format of the memorandum shall be as follows:
- ① The Memorandum is the material to explain to judges the negotiation each team would like to make and shall include the following:
 - the goals that your company is seeking to achieve through the negotiation;
 - strategies to achieve the goals;
 - any information necessary to explain such goals and strategies to the judges.
 - ② The memorandum shall be made by a PDF file, with A4 size page setting. The maximum length of a memorandum is fifteen (15) pages, for both the Japanese and English divisions (excluding the cover page).
 - ③ A cover page should be attached to the memorandum, which sets forth the name of the university, team number, the company (Red or Blue) the team represents, the names of the team members, and the role of each member. Please send the memorandum and cover page as one PDF file.
 - ④ Each margin (upper, lower, right, left) of each page shall be 25 mm and the page number shall be placed at the bottom center of each page.
 - ⑤ The choice of fonts and size thereof, spacing of lines, the number of letters per line, and/or whether to use charts, etc., are matters for the discretion of the team. Please note that legibility may also be included in the scope of evaluation by the judges.
 - ⑥ The upper limit of the maximum file size is 3MB.
- (5) Memoranda that do not abide by the preceding Rule will be subject to deductions of points, in the same manner as set forth in Rule 7(6) above with respect to memoranda for Round A.
- (6) It is not necessary for the contents of the memoranda of the teams of the same university to be the same, although it is permissible for the contents of the memoranda from the same university to be the same.
- (7) The submitted memorandum shall not be modified after the submission deadline. However the party may make modifications to the contents of the memorandum during the meeting with judges.
- (8) Round B shall be conducted in the following manner:
- ① Before starting the negotiation, each team shall explain (i) its negotiation goals, (ii) strategies to achieve the goals, and (iii) other matters necessary for its explanation to the judges in an initial 10-minute session. This explanation is made

to the judges, not to presidents or senior officials of the company. Judges may make questions for clarification purposes. Explanation to judges may be made by a single representative or by two or more team members, but it cannot be substituted with a pre-recorded video. Each team may present some materials in a proper form and length that helps judges' understanding of the content of the explanation of above items (i)-(iii) using the screen sharing function. Such materials may be the same as the Explanatory Memorandum, or may contain different contents. When a team uses material other than the Explanatory Memorandum, the file of that material shall be sent to judges via the chat function of Zoom before or immediately after the explanation to judges.

- ② Teams make bilateral negotiations. In the negotiation, Participants may undertake negotiations in accordance with suppositions based on the facts set forth in the Problem. However, if asked by the counterparty, the team shall explain the basis in the Problem on which the supposition was based, and demonstrate that it is reasonable based on due research.
 - ③ After the negotiation and 15 minutes for preparation, each team shall have 20 minutes, where there are no members from the other team present, to deliver an oral self-evaluation on the performance of the team before the judges. The presentation to judges may be made either by one representative or by two or more team members. The self-evaluation must cover the questions set forth below (in about 10 minutes); during the remaining time, team members are to answer questions that the judges may ask (about 10 minutes):
 - Have you achieved the objectives/goals of the negotiation?
 - Have your negotiation strategies worked effectively?
 - If the same negotiation were to be repeated tomorrow under the same conditions, which aspects of the team's approach would you choose to repeat, and which would you choose to change?
 - What were the good points and/or bad points in the performance of the counter party?
 - ④ At the beginning of Round B, the representatives of teams will decide which party shall go first for the explanation to judges and self-analysis by rock-paper-scissors before judges. The winner shall choose for which it will go first, the explanation to judges or self-analysis. The team that makes the explanation to judges first will later make self-analysis second.
- (9) If, due to network conditions or other reasons, interruptions in the audio or video stream or other problems arise that make it difficult for judges to observe the negotiation, judges may call attention to the problem and may instruct the Participants to repeat what they have said, to talk slowly/loudly or to undertake any other necessary steps to address the problems.
- (1 0) In the event an agreement is reached, the content of the agreement shall be confirmed by the parties in a manner appropriate to a given situation, whether orally, on screen or in writing. Though written confirmation is not an essential requirement, judges will evaluate whether the agreement is unambiguous, clear and reasonable.
- (1 1) Members of the other team may not attend the initial explanation session nor

the self-evaluation session.

- (1 2) Both teams will join for the Overall Evaluation and Comments from the judges.

9. Submission of Materials

- (1) Each team may use documents and/or presentation tools to support its claims in Round A and Round B. However, playing of any recorded video contents, including video contents produced by other parties than team members, is not allowed. Presentation of materials during Round A and B is only allowed by using the screen sharing function in Zoom, and no other method shall be allowed. If a team shares other materials than documents that the team has submitted to the Steering Committee under this Rule, before or immediately after the sharing, the team needs to send the file of the material to the Official Staff via the chat function of Zoom (provided, however, this does not apply to materials that cannot be sent via the chat function of Zoom). The Official Staff will send the material to judges and, as appropriate, the counter party.
- (2) The counter party may request sufficient time for a breakout session to examine materials after receiving them.
- (3) Judges and arbitrators may prohibit the use of any set of materials or item(s) when there is a valid reason for doing so, such as in the case that the use of such materials may hinder the efficient procedure.
- (4) In both the Japanese and English divisions, any materials not in the official language of the division must be accompanied by a translation in the official language of the division.

10. Rules on the Online Competition

- (1) Participants shall use Zoom functions following instructions of the Steering Committee.
- (2) During the round, except for breaks or other times when express permission has been granted by the judges, Zoom video functions must be turned on.
- (3) Name of each participant on the screen shall follow the following format.
 - ① Round A: [Red or Blue] [Name]
 - ② Round B:[Red or Blue] [Name] [Role]The description of [Red or Blue] shall be made in either “R” or “B”.
The description of [Name] shall be made in the format of “the initial of the first name + the last name” (e.g., “Y. Nomura”). The description of [Name] shall be registered in the registration form for each participant.
The description of [Role] shall be made using the abbreviations of roles determined and announced in advance by the Steering Committee.
Items other than the information listed above (e.g., profile pictures) shall not be displayed on the Zoom screen for each participant when his/her video is turned off.

Corporation or Blue, Inc.

- (5) Each team may meet together and participate in the competition. However, each participant must prepare a terminal that can use the video function, and each participant shall enter in the meeting room by using a separate terminal.
- (6) There shall be no outsiders accompanying participants during the round. The judges, steering committee, or Official Staff may check the surrounding situation at any time by requesting that the surrounding situation be displayed on the screen. Participants must not communicate with their instructor, advisor, graduates, members of other teams from the same university, or anyone other than their own team members during the round (including during the recess and other breaks, if any).
- (7) During bilateral negotiation in Round B, the judges shall turn off the Zoom video function.
- (8) When using materials and presentation tools, use the screen sharing function of Zoom or other method of displaying on the screen of each Zoom participant and present them in a way that can be viewed by the counter party and the judges. The presentation of materials or presentation tools in any other way, including using Zoom's chat features or using other applications, is not allowed.
- (9) In Round A, when a participant wants to use the screen sharing function, he/she must obtain the permission of the judges. In Round A, the judges may prohibit or suspend the presentation by screen sharing if they consider it would interfere with procedural fairness or would take too much time considering the amount and content of the material.
- (1 0) In Round B, the parties shall negotiate regarding how to use the screen sharing function. Negotiations between the parties regarding the use of the screen sharing function are also subject to evaluation by the judges.
- (1 1) If the arbitration/negotiation is not able to be made in normal conditions due to network or equipment issues, participants may request the judges to take a 3-minute break. In such a case, the judges are to check the situation and then decide whether or not to take a break.
- (1 2) Each participant shall prepare sufficient bandwidth network connection and shall participate in a good communication environment in which the video function can be used. In the event that arbitration or negotiation is hindered due to a poor communication environment, the judges and the Steering Committee may provide relief as deemed appropriate, in addition to the specific provisions of these Rules. Provided, however, that such remedy shall not significantly damage the fairness to the parties.
- (1 3) Even if some of the participants log off from the meeting room due to the bad condition of network or equipment during the round, the competition will continue with the remaining participants.
- (1 4) If all members of the team log off at the same time due to the bad condition of network or equipment, judges will suspend the match for an appropriate period of time. Each participant shall notify the Steering Committee or Official Staff at the emergency contact provided in advance without delay and follow their instructions.
- (1 5) Even if one of the judges logs off from the meeting room due to the bad condition

of network or equipment, the competition will continue with the remaining two judges.

- (1 6) If two or more judges log off at the same time, the match will be suspended until two or more judges return to the meeting room. Participants should wait in the meeting room. The representatives of each team should notify the Steering Committee or Official Staff at the emergency contact without delay and follow their instructions.
- (1 7) If an event specified in (14) or (16) occurs, participating teams shall confirm the length of suspension and the judges may extend the time of the match within that length.
- (1 8) The match (excluding breakout sessions) will be recorded. If a team needs the video of the match of the team, it may obtain the data from the Steering Committee in accordance with the prescribed procedures.

- (1) Team performance shall be judged in Round A by a panel of 3 judges.

- (4) The Steering Committee shall appoint three judges for each match.
- (5) In both Round A and Round B, the arbitrators and judges may ask any questions of the participants that they feel necessary to the task of judging the competition.
- (6) The evaluation of each individual judge shall not be disclosed.
- (7) In both Round A and B, the score of each team is the total points of three judges minus the penalty points deducted from the score according to these rules. The total of the score of Round A and Round B is the score of the team. A university that sends both Japanese and English teams will be given a bonus of 3 points in addition to the score for that university.
- (8) Judges may coach the participants after the release of the Problem provided they are registered with the Steering Committee. The registration is not required when a judge was a former participant and he or she coaches a team at the *alma mater*.
